Hi Michelle,

The revised QAPP looks great – I think our comments have all been addressed sufficiently. We've decided not to add in the EPA expertise descriptions so that we can go ahead and expedite this. I made a couple of minor edits in the clean version so you could find them more easily. If you agree, feel free to finalize the QAPP and share it out.

Thanks,

Miranda and team,

We've completed the revisions to the QAPP based on your comments and our recent discussion. The clean version is attached and I'll send the redline in another email due to attachment size limitations. Please note that Jayne suggested that we summarize the expertise of the EPA leads in Section X.B. If you'd like to include that information please feel free to add it, otherwise send it to me and I'll incorporate it.

Thanks,

Michelle
